

REMARKS/ARGUMENTS

Applicant has amended claim 9 so as to particularly point out and distinctly claim the subject matter which Applicant regards as the invention. Specifically, Applicant has amended claim 9 to recite a first plate and a second plate for clarity.

In addition, Applicant herewith submits a Terminal Disclaimer to Obviate a Double Patenting Rejection Over a "Prior" Patent based on Applicant's 6,824,160 ('160) patent entitled "Jack Dolly" issued on November 30, 2004.

As Applicant has now submitted a terminal disclaimer, the examiner's obviousness rejection of claims 5-12 (claims 1-4 were previously canceled) based on the '160 patent in view of Johnson patent number 5,374,071 is now moot.

In view of the above amendments and remarks, Applicant believes the examiner will now find this patent application in a position for allowance and its expeditious passage to same is requested.

Should the examiner disagree or have any questions, comments or suggestions that will render this application allowable, a call to the undersigned attorney of record is invited.

Respectfully submitted,
Lowell D. Goldie, Applicant
